

## Huron Research Suite

UNM Research Administrators,

We are pleased to inform you that all payroll discrepancies have been successfully resolved concerning the Huron Effort Certification period from January to June 2026. The next step involves updating the fund statements to reflect these corrections.

Therefore, we ask that you continue to refrain from pre-reviewing and certifying any statements. To accommodate the completion of these updates, we will be adjusting the certification deadlines accordingly. Thank you for your understanding and cooperation.

Thank you,

UNM Contract & Grant Accounting Teams
