

Brandon Weeks Biography

Brandon Weeks, PhD, is a professor of Chemical Engineering at Texas Tech University. He received his BS in chemistry from the University of California Riverside and his PhD in chemistry from Cambridge University in the UK. He worked as a postdoc at Lawrence Livermore National Laboratory upon returning to the United States, transitioning to a staff scientist with the stockpile stewardship campaign. His research interests are very broad from high explosives to nanotechnology with over 90 publications. He is honored to serve as the Editor in Chief for the Journal of Energetic Materials.
