OMI DATA & SOCIAL SCIENCE RESEARCH BRAINSTORMING WORKSHOP

DESCRIPTION
The New Mexico Office of the Medical Investigator (OMI) in Albuquerque investigates deaths to serve the living. For R&D Week, OMI is partnering with UNM's Faculty Research Development Office (FRDO) for an interactive workshop to brainstorm social science research questions that could utilize OMI data to support equity, justice, and well-being for all New Mexicans.

Attendance is limited to the first 25 who RSVP

ATTENDEES WILL
1. Learn
   Learn about OMI data and current research leveraging that data

2. Network
   Network with other social scientists to brainstorm new research ideas

3. Apply for Seed Funding
   Have an opportunity to apply for seed funding to further develop ideas that emerge
