

ROCKY MOUNTAIN RESEARCH DATA CENTER
A FEDERAL STATISTICAL RESEARCH DATA CENTER

INFORMATION SESSION & BRAINSTORMING WORKSHOP

DESCRIPTION

UNM is a new member of the **Rocky Mountain Research Data Center Consortium**, giving researchers **special access** to national collections of **population, business, and health record-level data**. For R&D Week, join GPS, FRDO, and representatives from RMRDC for an **interactive workshop** to brainstorm social science research questions that could utilize RMRDC data to support your research goals.

ATTENDEES WILL

1. Learn

Learn about data available to UNM researchers through the RMRDC and current research leveraging that data

2. Network

Network with other UNM social scientists to explore potential new collaboration opportunities

3. Brainstorm

Brainstorm thought-provoking ideas for future research

WHEN?
Wednesday, November 13, 2024
12-2pm

WHERE?
PAIS Building (UNM Main Campus)
Co-op Room (Rm 2120)

WHO?
Social science researchers
interested in population,
economic, and/or health data from
federal agencies
(all levels)

**PIZZA WILL
BE SERVED!**
